

ASEAN-AUSTRALIA DEVELOPMENT COOPERATION PROGRAM (AADCP) PHASE II

TERMS OF REFERENCE FOR

Readvertisement - Project Officer for the ASEAN COVID-19 Recovery Framework (ACRF) Implementation

Background

The ASEAN Comprehensive Recovery Framework (ACRF) and its Implementation Plan were endorsed at the 28th ASEAN Coordinating Council Meeting on 10 November 2020, and, subsequently, adopted by ASEAN Leaders at the 37th ASEAN Summit on 12 November 2020. The ACRF serves as ASEAN's community-wide exit strategy from the COVID-19. It recognises the multifaceted impact of the pandemic, and the need to work together through the phases of recovery; from reopening, rebuilding and to long-term resilience.

The ASEAN Secretariat (ASEC) provides the necessary support to regularly monitor the progress of ACRF implementation of the identified initiatives and programmes against their corresponding outputs and deliverables. The monitoring and evaluation (M&E) of ASEAN COVID-19 recovery is crucial to assess the effectiveness of the ACRF and its implementation plan, and will be undertaken by the ASEAN Secretariat. In addition, the ASEAN Secretariat will also support the updating of the Implementation Plan, and support in promoting the implementation of the ACRF.

The Government of Australia through the ASEAN-Australia Development Cooperation Program Phase II (AADCP II) supports ACRF implementation through the establishment of an ACRF Support Unit within the ASEAN Secretariat. The ACRF Support Unit will be tasked to facilitate:
